Projects

19 A	19 B	19 C	19 D
Project Name*	**Project Identification Number***	**Description***	**Status***
Business Relief Programs	2	The Wyoming Business Relief Program helps Wyoming businesses and nonprofits that have experienced hardship related to the COVID-19 crisis. The program consists of three funds - the interruption fund, the relief fund, and the mitigation fund. The interruption fund provides immediate relief for losses during the initial months of the pandemic response and is for businesses that directly or indirectly lost revenue due to COVID-19 local or state government health orders. The relief fund provides ongoing pandemic response for COVID-related losses and expenses and is for small businesses and nonprofits that have lost revenue due to public health orders and/or have incurred COVID-19 related expenses. The mitigation fund provides reimbursement for COVID-related health and safety expenses for all businesses and nonprofits that have incurred employee and customer health and safety expenses that were a direct impact of COVID-19.	Completed 50% or more
Wyoming Emergency Housing Assistance and Eviction Prevention Program	3	This program assists renters and homeowners who were substantially affected economically by the COVID 19 pandemic and provides rent or mortgage assistance to applicants. The program pays part of a resident's rent or mortgage payment, if that resident was hurt financially by the pandemic.	Less than 50% completed
Testing and Contact Tracing	1	This program implements a high-level strategy to increase epidemiological surveillance and control capacity to further mitigate the spread and impacts of COVID-19 in Wyoming through a combination of diagnostic testing, population-based testing/sampling and surveillance, and epidemiologic case and outbreak investigation and control (including contact tracing). The objective is to achieve a balance between controlling the outbreak in the short-term and collecting data on an ongoing basis in order to inform any future actions (quarantining, public health orders/closures, etc.). This program purchases test kits and other testing supplies from private, third party vendors to support the statewide COVID-19 public health response.	Less than 50% completed
State Agencies' COVID Response	4	This program supports Wyoming's state agencies' responses to COVID-19, including Wyoming's executive, judicial, and legislative branches of government. Wyoming state agencies have had to respond in a variety of ways and this program assisted with purchases of personal protective equipment (PPE), mask material, office space modifications, sanitation measures, telework expenses and an employee assistance program for mental health needs. This program assisted with agency specific needs such as costs associated with a special legislative session, support for remote hearings, trial laptops, transportation, advertising campaigns and training programs.	Less than 50% completed
Education Resilience	5	This program supports COVID-19 related challenges faced by Wyoming K-12 and higher education and provides assistance needed to operate K-12 schools, Wyoming community colleges and the University of Wyoming. Funds were used to purchase personal protective equipment, technology for distance learning and food insecurity support. Individual expenses included PPE, testing supplies, sanitizing supplies, thermometers, face shields, custodial support, advertising, safety equipment, barriers, crowd control, floor marking and other supplies. Additionally, funds were used to purchase technology equipment, software, and internet connectivity necessary for virtual education and remote learning during the pandemic.	Completed 50% or more

Broadband and Communications Infrastructure	6	This project supports Wyoming's broadband initiative, ConnectWyoming, which serves rural Wyoming and ensures access to telehealth, the ability to telework and access to distance education. The program targeted underserved areas in Wyoming. Funds support the expansion of broadband connections to provide connectivity to homes, businesses and communities in response to COVID to support tele-education, tele-health and telecommuting.	Less than 50% completed
Tourism and Local Economy Support	7	This project supports the development and promotion of an in-state advertising campaign, the purchase of personal protective equipment (PPE) for local lodging tax boards and chambers of commerce who operate visitor information centers and expenses to re-market convention facilities and Wyoming's tourism industry.	Less than 50% completed
Unemployment and Workers Compensation Trust Solvency	8	This program provided funding to the unemployment insurance trust fund in order to stabilize the fund for future use. Funds also helped support Wyoming workers compensation program providing a one-month premium credit to qualified employers in good standing with the workers compensation program. This program supported the Wyoming Department of Workforce Services (DWS) in supplementing a current internship program through the Wyoming Development Training Fund (WDTF) which allowed applicants to propose innovative ways to offer an internship program to support COVID-19 relief efforts.	Completed 50% or more
Health Care System Fortification	9	This program supports Wyoming health care facilities and providers through the Coronavirus Relief Grant Program. This program provides funding to applicants to cover costs that are necessary expenditures incurred due to the COVID-19 public health emergency. Funding provided to Wyomings health care system is used to assist with the purchase of personal protective equipment (PPE), HVAC, negative pressure rooms, mobile clinics, lab equipment and supplies, ventilators, and UV sanitation robots. This program also aims to support mental health related services.	Less than 50% completed
Local Government and Tribal Preparedness	10	This program supports local governments (counties, cities, towns, political subdivisions and special districts) in Wyoming through the Coronavirus Relief Grant Program. This program provides funding to applicants to cover costs that are necessary expenditures incurred due to the COVID-19 public health emergency. Funding is used for a wide range of services, including medical expenses, public health expenses, allowable payroll expenses, mental health and substance abuse evaluations, county public health nursing staffing, and marketing campaigns.	Less than 50% completed
Agricultural Business Relief and Food Supply Chain	11	This project supports the Wyoming Meat Processing Expansion Grant Program which was created to support Wyoming meat processing facilities and Wyoming citizens to address supply chain disruptions and regional shut-downs of processing facilities as a result of the COVID-19 public health emergency. The project aims to increase capacity of Wyomings local food supply chain and to address meat shortages at retail locations and food banks within Wyoming.	Not started

99	**Purpose Description ***	The Wyoming Business Relief Program helps Wyoming businesses and nonprofits that have experienced hardship related to the COVID-19 crisis. The program consists of three funds - the interruption fund, the relief fund, and the mitigation fund. The interruption fund provides immediate relief for losses during the initial months of the pandemic response and is for businesses that directly or indirectly lost revenue due to COVID-19 local or state government health orders. The relief fund provides ongoing pandemic response for COVID-related losses and expenses and is for small businesses and nonprofits that have lost revenue due to public health orders and/or have incurred COVID-19 related expenses. The mitigation fund provides reimbursement for COVID-related health and safety expenses for all businesses and nonprofits that have incurred employee and customer health and safety expenses that were a direct impact of COVID-19.

97	**Transfer Date ***	08/17/2020
98	**Transfer Type ***	Lump Sum Payment(s)
99	**Purpose Description ***	This program supports COVID-19 related challenges faced by Wyoming K-12 and higher education and provides assistance needed to operate K-12 schools, Wyoming community colleges and the University of Wyoming. Funds were used to purchase personal protective equipment, technology for distance learning and food insecurity support. Individual expenses included PPE, testing supplies, sanitizing supplies, thermometers, face shields, custodial support, advertising, safety equipment, barriers, crowd control, floor marking and other supplies. Additionally, funds were used to purchase technology equipment, software, and internet connectivity necessary for virtual education and remote learning during the pandemic.

99	**Purpose Description ***	This program supports COVID-19 related challenges faced by Wyoming K-12 and higher education and provides assistance needed to operate K-12 schools, Wyoming community colleges and the University of Wyoming. Funds were used to purchase personal protective equipment, technology for distance learning and food insecurity support. Individual expenses included PPE, testing supplies, sanitizing supplies, thermometers, face shields, custodial support, advertising, safety equipment, barriers, crowd control, floor marking and other supplies. Additionally, funds were used to purchase technology equipment, software, and internet connectivity necessary for virtual education and remote learning during the pandemic.

95	**Transfer Number ***	60
96	**Transfer Amount ***	$337,402.00
97	**Transfer Date ***	08/21/2020
98	**Transfer Type ***	Lump Sum Payment(s)
99	**Purpose Description ***	This program implements a high-level strategy to increase epidemiologic surveillance and control capacity to further mitigate the spread and impacts of COVID-19 in Wyoming through a combination of diagnostic testing, population-based testing/sampling and surveillance, and epidemiologic case and outbreak investigation and control (including contact tracing). The objective is to achieve a balance between controlling the outbreak in the short-term and collecting data on an ongoing basis in order to inform any future actions (quarantining, public health orders/closures, etc.). This program purchases test kits and other testing supplies from private, third party vendors to support the statewide COVID-19 public health response. Funds were also used to supplement the state's COVID-19 wastewater testing project. Funds were used to pay county nursing staff who have been reassigned from their normal duties to COVID responses (contact tracing, isolation and quarantine and education). Funds were used for onsite focused infection control surveys of licensed-only facilities (assisted living, boarding home, adult day care and home health).

96	**Transfer Amount ***	$329,770.00
97	**Transfer Date ***	08/07/2020
98	**Transfer Type ***	Lump Sum Payment(s)
99	**Purpose Description ***	This program supports COVID-19 related challenges faced by Wyoming K-12 and higher education and provides assistance needed to operate K-12 schools, Wyoming community colleges and the University of Wyoming. Funds were used to purchase personal protective equipment, technology for distance learning and food insecurity support. Individual expenses included PPE, testing supplies, sanitizing supplies, thermometers, face shields, custodial support, advertising, safety equipment, barriers, crowd control, floor marking and other supplies. Additionally, funds were used to purchase technology equipment, software, and internet connectivity necessary for virtual education and remote learning during the pandemic.

95	**Transfer Number ***	65
96	**Transfer Amount ***	$250,000.00
97	**Transfer Date ***	08/26/2020
98	**Transfer Type ***	Lump Sum Payment(s)
99	**Purpose Description ***	This program implements a high-level strategy to increase epidemiologic surveillance and control capacity to further mitigate the spread and impacts of COVID-19 in Wyoming through a combination of diagnostic testing, population-based testing/sampling and surveillance, and epidemiologic case and outbreak investigation and control (including contact tracing). The objective is to achieve a balance between controlling the outbreak in the short-term and collecting data on an ongoing basis in order to inform any future actions (quarantining, public health orders/closures, etc.). This program purchases test kits and other testing supplies from private, third party vendors to support the statewide COVID-19 public health response. Funds were also used to supplement the state's COVID-19 wastewater testing project. Funds were used to pay county nursing staff who have been reassigned from their normal duties to COVID responses (contact tracing, isolation and quarantine and education). Funds were used for onsite focused infection control surveys of licensed-only facilities (assisted living, boarding home, adult day care and home health)

94	**Sub-Recipient Organization (Transferee/Government Unit)***	UINTA, COUNTY OF-093117661
95	**Transfer Number ***	70
96	**Transfer Amount ***	$411,744.00
97	**Transfer Date ***	09/28/2020
98	**Transfer Type ***	Lump Sum Payment(s)
99	**Purpose Description ***	This program implements a high-level strategy to increase epidemiologic surveillance and control capacity to further mitigate the spread and impacts of COVID-19 in Wyoming through a combination of diagnostic testing, population-based testing/sampling and surveillance, and epidemiologic case and outbreak investigation and control (including contact tracing). The objective is to achieve a balance between controlling the outbreak in the short-term and collecting data on an ongoing basis in order to inform any future actions (quarantining, public health orders/closures, etc.). This program purchases test kits and other testing supplies from private, third party vendors to support the statewide COVID-19 public health response. Funds were also used to supplement the state's COVID-19 wastewater testing project. Funds were used to pay county nursing staff who have been reassigned from their normal duties to COVID responses (contact tracing, isolation and quarantine and education). Funds were used for onsite focused infection control surveys of licensed-only facilities (assisted living, boarding home, adult day care and home health)

99	**Purpose Description ***	This program supports Wyoming health care facilities and providers through the Coronavirus Relief Grant Program. This program provides funding to applicants to cover costs that are necessary expenditures incurred due to the COVID-19 public health emergency. Funding provided to Wyomings health care system is used to assist with the purchase of personal protective equipment (PPE), HVAC, negative pressure rooms, mobile clinics, lab equipment and supplies, ventilators, and UV sanitation robots. This program also aims to support mental health related services.

95	**Transfer Number ***	84
96	**Transfer Amount ***	$369,749.77
97	**Transfer Date ***	09/22/2020
98	**Transfer Type ***	Lump Sum Payment(s)
99	**Purpose Description ***	This program implements a high-level strategy to increase epidemiologic surveillance and control capacity to further mitigate the spread and impacts of COVID-19 in Wyoming through a combination of diagnostic testing, population-based testing/sampling and surveillance, and epidemiologic case and outbreak investigation and control (including contact tracing). The objective is to achieve a balance between controlling the outbreak in the short-term and collecting data on an ongoing basis in order to inform any future actions (quarantining, public health orders/closures, etc.). This program purchases test kits and other testing supplies from private, third party vendors to support the statewide COVID-19 public health response. Funds were also used to supplement the state's COVID-19 wastewater testing project. Funds were used to pay county nursing staff who have been reassigned from their normal duties to COVID responses (contact tracing, isolation and quarantine and education). Funds were used for onsite focused infection control surveys of licensed-only facilities (assisted living, boarding home, adult day care and home health).
